

# COLLEGE AND CAREER ADVISING AND MENTORING PLAN (2018-2019)

## NARRATIVE - TEMPLATE PART 1

### OVERVIEW OF STATUTORY REQUIREMENTS

Districts and charter schools (or Local Education Agencies – LEAs) must submit a College and Career Advising and Mentoring Plan (Advising Plan) to the State Board of Education and the effectiveness of your plan must be reported annually ([Idaho Code §33-1212A](#)). You may submit your Advising Plan as stand-alone document, as a part of a Combined District Plan (that includes the Continuous Improvement Plan, College and Career Advising and Mentoring Plan, and the Literacy Intervention Plan), or as an appendix to your Continuous Improvement Plan. Regardless of which option you choose, **College and Career Advising and Mentoring Plans are due to the Office of the State Board of Education by October 1** (IDAPA 08.02.01.801) **and should be submitted to [plans@osbe.idaho.gov](mailto:plans@osbe.idaho.gov).**

[Idaho Code §33-1212A](#) summary:

- A. Must provide professional development in the area of college and career advising to all staff serving in the role of student mentors or advisors. All individuals providing services in the role of a college and career advisor must have a basic level of training or experience in the area of advising or mentoring to provide such services.
- B. May employ non-certificated staff to serve in the role of college and career advisors and student mentors.
- C. Must provide college and career advising and mentoring services to students using a research-based model, such as:
  - High contact programs
    - Near peer or college student mentors
    - Counselor, teacher or paraprofessional as advisor or mentor
  - Collaborative programs
    - Student ambassadors
    - Cooperative agreements with other school districts or postsecondary institutions
  - Virtual coach or mentor programs
- D. Must notify parents or guardians of all students in grades 8 through 12 of the availability of college and career advising provided by the district and how to access such services.

Pursuant to Idaho Administrative Code, IDAPA 08.02.01.801.05, each LEA must report on the effectiveness of the LEA's College and Career Advising and Mentoring program by October 1 of each year and each Advising Plan must include, at a minimum:

- A. Percent of learning plans reviewed annually by grade level in grades 9 through 12;
- B. Number and percent of students who go on to some form of postsecondary education one and two years after graduation. E. Performance on metrics for at a minimum the previous academic year.

### GENERAL GUIDANCE FOR USING THE ADVISING PLAN TEMPLATES

#### Templates for the 2018-19 College and Career Advising and Mentoring Plan

- 1) LEAs are not required to submit your College and Career Advising and Mentoring Plan in one of our provided templates. You may provide your plan in any format you choose. If you are submitting your plan in a locally-developed format, we encourage you to use our template(s) to identify the required plan elements and data that should be included in your plan.
- 2) This template is designed to allow your LEA to provide a stand-alone College and Career Advising and Mentoring Plan. If you are interested in providing your College and Career Advising and Mentoring Plan as a part of a Combined District Plan (that includes the Continuous Improvement Plan, College and Career Advising and Mentoring Plan, and Literacy Intervention Plan), we recommend you use the 2018-19 Combined District Plan Template (or review it to understand the requirements and then provide a plan in another format).

The Advising Plan Template is split into two (2) pieces. **To complete your plan using our format, you need to complete both pieces:**

- 2018-19 Advising Plan Narrative – Template Part 1
- 2018-19 Advising Plan Metrics – Template Part 2

You may submit your College and Career Advising and Mentoring Plan as two separate documents (Word and Excel or PDF) or combine them into a single PDF.

#### Substantial Revisions vs. Plan Update

The district plans (Continuous Improvement Plan, College and Career Mentoring and Advising Plan, and Literacy Intervention Program Plan) are ongoing plans that need to be *updated* annually. If a school district or charter school (local education agency or LEA) has not made any substantial changes to the program information included in the plan narrative(s), it is possible for the LEA to submit an annual plan that reflects no changes to the narrative. However, it is important to note that the Metrics spreadsheet (Template Part 2) is considered the Progress Report (required by law), and it must be updated with new data and submitted annually. Additionally, the Proposed Literacy Plan Budget must be submitted annually.

In all previous years, the metrics have been included in the same document as the narrative. In an effort to minimize the work that LEAs must do to complete the plans each year, we are encouraging all LEAs to submit the narrative and metrics as separate documents beginning in 2018-19. If you do so, in future years, you will only need to re-submit your narrative if you are making substantial changes to your programs. If you continue to submit one document that includes both the narrative and metrics, the metrics will need to be updated and the full document will need to be re-submitted every year.

To help guide you in identifying what you should submit in 2018-19, we have created a decision tree with recommendations called “Determining which Templates to Use.” You can access it on our website at <https://boardofed.idaho.gov/k-12-education/school-district-charter-school-planning-training/>.
